24/7 Mentor Support

- Direct message access to mentor
- Support until you sit for the exam
- Continuous doubt resolution
- Structured and easy-to-follow path

Onboarding & Orientation Process

1

Enrollment & Portal Access

Seamless addition to the Academy's dedicated study portal via your registered Gmail ID.

2

Orientation Session

Comprehensive video guide covering the exam structure, study strategy, and portal navigation.

3

Community Integration

Direct access to private WhatsApp and Facebook discussion groups for peer collaboration and active discussion.

Structured 4-Group Study Path

To ensure systematic preparation without overwhelm, our core course content is organized into four logical folders, followed by targeted mocks.

Group 1: Foundation Subjects

Operative Dentistry, Dental Materials, Endodontics, Ethics & Complaints, Oral Health Promotion, Fraud.

Includes Mock Exam

Group 2: Restorative & Surgical

Prosthodontics, Implantology, and advanced restorative clinical management.

Includes Mock Exam

Group 3: Medicine & Surgery

Oral Medicine, Oral Pathology, Oral Surgery, Infection Control protocols.

Includes Mock Exam

Group 4: Pediatric & Specialized Care

Orthodontics, Periodontics, Pedodontics, Dental Radiology.

Includes Mock Exam

Ultimate Preparation Phase: Super Mock Exams

After completing the 4 group modules, candidates attempt **2x Full-Length Super Mock Exams** simulating actual test questions and difficulty.

Elite Mock Exam Website

FULL length mocks-The mock exams are **EXACT** replica of how the actual exam will be!

Train like it's the real thing. Our dedicated mock examination website is an exact replica of the actual exam interface, featuring THOUSANDS of clinical scenario-based questions with instant scoring and personalized performance feedback.

Mock Exam Category	Count	Key Focus & Clinical Objectives
Therapeutic Guidelines	2 Mocks	Evidence-based prescribing, pharmacology, antibiotic stewardship, pain protocols and everything you need to know about Therapeutic guidelines.
ADA Infection Control	1 Mock	Sterilization protocols, PPE, sharps management, cross-contamination safety and everything related to infection control.
Multi-Subjects Mocks	4 Mocks	Integrated clinical scenarios testing cross-disciplinary reasoning.
Clinical Integration	4 Mocks	Diagnostic reasoning and treatment planning for complex presentations.
Clinical Judgement	2 Mocks	Decision-making aligned with ADA and AHPRA professional practice standards.
Final Revision Mocks	5 Mocks	High-yield concepts, newly updated guidelines, and recent exam trends.
Grand Final Clusters	11 Mocks	Full-length timed simulation combining all clusters.

Academy High-Yield Revision Folders Included

Includes comprehensive summarized guides for **Therapeutic Guidelines, Infection Control Guidelines, Oral Health Promotion, Trauma Guidelines**, and high-yield revision notes tailored specifically for last-minute exam readiness.

Enrollment Terms & Course Access Policy

Access Duration & Renewal Terms

Course access is available from the day you enroll until you sit for your exam **OR 1 year**, whichever comes **FIRST**.

Note: Thereafter, course renewal fees apply at 65% of the standard course fee.

Why Candidates Trust Us
